<i>Guidance</i>	<p>Academy catch up funding allocations are calculated on a per pupil basis providing each academy with £80 per child from Reception to Y11. The funding is designed to mitigate the effects of the unique and disruptive effects of the global pandemic.</p> <p>As a Trust OCL has partnered nationally with Teach First to provide extra teachers across our academies as a response to Covid. Details of deployment, cost and intended impact must be included below.</p> <p>In order to fund the deployment of a teach first teacher at every academy, the catch-up funding was pooled. The costs of a teach first placement (at a discount of 33%) across 52 academies was deducted from the total funds allocated to OCL. The remaining funding was allocated on a pro rata tiered basis according to the size of each academy. The “total catch-up premium amount” referred to above is the amount received by the academy to fund their allocated teacher plus the residual amount of funding allocated pro-rata.</p>

Identified impact of lockdown

Area of need identified	Outline of identified need as identified by the academy – evidence of need
Post Covid-19 Catch – up curriculum from Sep 2020	To ensure that ALL pupils (especially those in key reporting years 1/2/6) were provided with a robust and targeted catch – up programme of study to ensure that any gaps in learning caused by the national lockdown, were addressed and closed. Lockdown posed a significant impact on disadvantaged pupils, who are now behind ‘others’ in academic comparisons.
