

10th May 2021

Dear Parents/Carers,

Please find in this section of our website, some important information about our approach to the new Relationships and sex education (RSE) and health education legislation, which we will be building into our curriculum from September 2021.

Here, you will find our year group maps which tell you what will be covered and when it will be covered, in addition to a parent's information booklet from our partners at Jigsaw. This booklet explains what this legislation is and a bit more detail about our approach to it – essentially why we are teaching what we are teaching in this area.

Please take a look at these documents and if you have any questions or concerns about them, please call the school office and we will arrange for someone to respond to you to discuss this. The window for this consultation will run for two weeks, from Monday 10th May – Friday 21st May 2021.

My sincere thanks once again for your continued support and for helping to keep our children safe.

Yours Faithfully,

Mr King,

Principal.
