

# Blue Abyss

Imaginative Learning Project for Year 4 children

Grab your wetsuit! We're going deep into an underwater world of incredible coral and mysterious sea creatures.

Head to your local aquarium and learn about life in the ocean. Can you pick a favourite fish, plant or animal?

What do real divers get up to below the surface? Create a fishy story about exploring an amazing underwater world.

Time to go a little deeper into our seas. Make a model deep-sea submarine that can withstand great pressure and travel to the deepest, darkest places on Earth. Make sure you test it first!

What are those bright lights in the distance? It's a group of bioluminescent sea creatures! Look closely and create a colourful, 3-D art exhibition when you rise to the surface.

Flippers on? Snorkel ready? Let's head into the Blue Abyss...

ILP focus	Science
English	Poetry using personification; Dilemma stories; Biography; Persuasive letters; Ballads
Art & design	Observational drawing; 3-D models; Clay sculpture; Anthony Gormley; Batik art; Printing; Famous seascapes
Computing	Programming; Video editing; Multimedia presentations
D&T	Submarine design; Working models
Geography	Seas and oceans of the world; The Great Barrier Reef; Environmental issues
History	19th century ocean exploration
Science	Living things and their habitats; Animals, including humans; Working scientifically
