

Tremors

Imaginative Learning Project for Year 3 children

Tremors. Overwhelming and mighty, Mother Nature's awesome energies hiss and roar deep within the Earth. Plates collide, spewing lava. Rocks rain down and mud slides in torrents. Towns and cities vanish under ashen clouds.

Discover the dangerous and ferocious world of natural disasters, and glimpse their savage and deadly effects. Visit the ancient city of historic Pompeii, frozen in time, then create your own blistering explosions from model volcanoes that fire foamy lava. Discover the properties of rocks shaped by the Earth's breathtaking power.

Watch out! Volcanologists detect formidable rumblings from an extinct volcano in Scotland's capital. Red alert! What would you do?

ILP focus	Geography
English	Recounts; Historical narrative; Narrative using personification; Newspaper reports; Poetry
Geography	Volcanoes and earthquakes
Art & design	Sculpture; Photography
Computing	Presenting information
D&T	Structures
History	Ancient Rome – Pompeii
