

# Time Traveller

Imaginative Learning Project for Year 5 children

Tick, tock, tick, tock... the hands on the clock never stop. From the moment we are born, from toddler to teen, middle age to elderly, time stops for no man.

Find out what happens to our bodies and brains as we grow older, and how do we cope with these changes.

How long does a human baby take to grow inside the womb? Does it take longer than an elephant calf? Or a kitten?

Take a good look at yourself... How has your face changed since you were a baby and how will it change as you grow older? Can you photograph it, change it, age it?

And what would happen if the clock struck 13? In *Tom's Midnight Garden*, he travels to the past. What an adventure! Imagine you could time travel too. Where would you go and what would you like to see? Will you head back to your past or into your future? You decide.

Tick, tock, tick, tock... the hands on the clock never stop!

ILP focus	Art & design
English	Character study; Adventure narrative; Leaflets; Free verse poetry; Quotations and poems
Art & design	Photography; Great artists – Andy Warhol, Salvador Dali; Collage
Computing	Digital portraits; Data logging; Online research
D&T	Selecting materials
Geography	Changes in the local community
History	Changes over the last century
Mathematics	Time; Interpreting data
PE	Timing physical activity
PSHE	Body changes approaching puberty; Meeting and talking with people; Reflecting on spiritual, moral, social and cultural Issues; Setting personal targets; Feeling positive
Science	Animals, including humans; Living things and their habitats; Working scientifically
